REMARKS

Claims 41-60 are pending.

The specification and claims (claim 45) are amended hereby in order to insert adjacent to sequences, therein, the corresponding sequence identifier found in the Sequence Listing.

The Notice to Comply mistakenly indicates that the sequences recited in claim 45 are not found in the paper copy of the Sequence Listing. On the contrary, the sequences recited in claim 45 correspond to SEQ. ID. NOS: 30-41 in the paper copy of the Sequence Listing.

As such, Applicants need not provide the items indicated on the Notice to Comply, i.e., Applicants need not provide a substitute CRF, a substitute paper copy of the Sequence Listing, or a statement required under 37 CFR 1.821.
